RITISH KANNUR

kannurritish@gmail.com | +91 9019854584 | LinkedIn | GitHub | Portfolio | Bengaluru, India

PROFESSIONAL SUMMARY

- Information Science and Engineering graduate with hands-on experience in Java Full Stack Development through an internship and academic projects.
- Skilled in Java, Spring Boot, React.js, MySQL, and REST API development.
- Strong foundation in Object-Oriented Programming (OOP), SQL, database integration, and responsive web application development.
- Eager to apply technical skills to build reliable software solutions, learn new technologies, and contribute to collaborative development teams.

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, Python (Basics)
- **Frontend:** HTML, CSS, React.js, Bootstrap
- **Backend:** Java, Spring Boot, REST APIs, Node.js (Basics), Express.js (Basics)
- **Database:** MySQL, SQL
- **Core Concepts:** Object-Oriented Programming, Data Structures & Algorithms (Basics), Core Java (Basics)
- **Tools:** Git, GitHub, VS Code, Eclipse
- **Professional Skills:** Collaboration, Communication, Problem Solving, Attention to Detail

INTERNSHIP EXPERIENCE

Java Full Stack Intern | Acaders February 2026 – May 2026

- Developed responsive web interfaces using React.js, HTML, CSS, and JavaScript.
- Built backend services and REST APIs using Java and Spring Boot.
- Integrated MySQL databases with full-stack applications to support efficient data management.
- Applied Object-Oriented Programming principles to write maintainable code.
- Collaborated with mentors and team members to deliver project features within deadlines.

PROJECTS

Car Service Management System February 2026 – May 2026

Java, Spring Boot, MySQL, HTML, CSS, JavaScript, React.js

- Developed a full-stack web application that centralizes vehicle service bookings, customer management, and service tracking.
- Implemented service booking management, customer dashboards, service history tracking, admin controls, and automated notifications.
- Designed MySQL database schemas, developed backend modules with Spring Boot, and built RESTful APIs for booking and tracking workflows.
- Automated service request processing to improve appointment scheduling and customer service tracking.

AI-Based Interior Design Application June 2025 – January 2026

React Native, Python, Three.js, AR Technology

- Built an Augmented Reality (AR) application that lets users visualize and arrange virtual furniture in real-world environments.
- Implemented AR furniture placement, interactive room visualization, real-time object positioning, and immersive design previews.
- Developed AR visualization modules, integrated 3D rendering using Three.js, and built interactive room planning features.

EDUCATION

Bachelor of Engineering (B.E.) – Information Science and Engineering 2022 – 2026

APS College of Engineering, Bengaluru
Affiliated to Visvesvaraya Technological University (VTU), Belagavi
CGPA: 8.44 / 10

CERTIFICATIONS

- Java Full Stack Development — Acaders | View Certificate
- MERN Stack Development — Edunet Foundation | View Certificate
- GenAI Powered Data Analytics Job Simulation — Tata/Forage | View Certificate
- Data Analytics — IBM | View Certificate
- Cyber Suraksha Course Completion — Microsoft | View Certificate
- Oracle Cloud Applications EPM Process Essentials — Oracle | View Certificate

ADDITIONAL INFORMATION

- Participated in technical workshops, coding events, hackathons, and college technical seminars.
- Organized and managed events during college cultural and technical fests.
- Hobbies: Reading books, playing cricket, listening to music, and exploring entertainment media.
